CAPABILITY STATEMENT

CORE COMPETENCIES – Premier Workforce Training and Development is a strategic partner that provides highly engaging, performance-based, and learner-centric training solutions for businesses. We offer customizable training solutions presented through - **In-person Workshops, Instructor-Led Webinars** or cloud based **Mobile training sessions**. We can **develop** and make available online, **customized digital training videos** for businesses.

Training Solutions -

- Consultation specializing in employee training and development
- **135+ Online** Soft Skills, and Health & Safety Training Courses
- **Micro-Learning** sessions that encapsulate training principles
- Develop a remote access, mobile, job specific, training library

Support Services -

- Training Augmentation Services
- Training **Needs Assessments**, and process improvement analysis
- Mentoring and coaching Supervisors, Teams and Committees

PAST PERFORMANCE – Professional accomplishments as an employee include the successful conception and implementation of large-scale corporate training and development solutions:

- Over **25 years** and **10's-of-thousands of hours** personally conducting various training/education programs in traditional, and distance learning environments.
- **Developed and provided online** training solutions (i.e. micro-learning sessions, classroom, distance learning, and coaching sessions), impacting over **5,000 employees and supervisors** around the world.
- Successfully managed training and development programs for new hire and tenured employees, reducing the occurrence and cost of accidents and injuries, by **over 60%**, for over **1,800 employees and supervisors**.
- Developed and managed Employee Training Program rated **Outstanding** by the Air Force-IG, where I trained over **8,500 employees and supervisors**, in various industrial occupations, including civilian and contract personnel.

DIFFERENTIATORS – Premier Workforce Training and Development provides:

- Subject matter experts in workforce training solutions.
- Flexibility, reliability & transparency in providing services.
- Customized micro-learning options.
- From concept to completion training solutions.
- Diversified staff; multiple languages (English, **Spanish** and **American Sign Language**).
- Training expertise in various (**Corporate, Industrial, Call-center, Medical, Government, and Military**) domains.
